PROFESSIONAL SUMMARY

Oracle Fusion Technical Consultant with hands-on experience in Oracle Fusion ERP integrations, Oracle Integration Cloud, BI Publisher, SQL/PLSQL, and REST/SOAP APIs. Experienced in developing and supporting end-to-end technical flows across multiple business processes, including customer, invoice, receipt, sales order, lookup, reporting, and data migration processes. Strong background in software engineering, API documentation, technical troubleshooting, testing support, and stakeholder walkthroughs. Able to translate business requirements into technical solutions, analyze integration issues, and support delivery in Oracle Fusion Cloud environments.

TECHNICAL SKILLS

- **Oracle Fusion ERP & Technical Consulting**
Oracle Fusion Cloud ERP, Receivables AR, Customer Data, Sales Orders, Invoices, Receipts, ESS Jobs, FBDI, HDL, UCM, BI Publisher, OTBI, Fusion tables, functional-to-technical mapping, technical documentation.
- **Oracle Integration & APIs**
Oracle Integration Cloud, Oracle Process Automation, REST APIs, SOAP Web Services, JSON, XML, XSLT, WSDL, Salesforce integration, API payload mapping, error handling, integration monitoring, troubleshooting, and testing support.
- **Database, Reporting & Backend**
Oracle SQL, PL/SQL, Oracle ATP, staging tables, packages, data validation, reconciliation, BI Publisher data models, parameters, XML/RTF templates, report scheduling, and output validation.
- **Development & UI Technologies**
Visual Builder Cloud Service, Oracle APEX, Redwood UI, JavaScript, Node.js, HTML5, CSS3, Bootstrap, Java, Python, C, C++, MongoDB.
- **Tools & Delivery Practices**
Git, GitHub, Linux, Agile/Scrum, API documentation, test cases, defect analysis, UAT support, stakeholder walkthroughs.

CERTIFICATIONS & PROFESSIONAL TRAINING

- **Oracle Cloud Certifications**
 - Oracle Cloud Infrastructure 2025 Application Integration Professional.
 - Oracle Redwood Application 2025 Certified Developer Associate.
 - Oracle Cloud Infrastructure Certified Foundations Associate – 2025.
 - Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate.
 - Oracle APEX Developer Professional, Oracle University - 2025.
- **Oracle Fusion & Cloud Training**
 - Oracle Fusion Cloud Development, Global Academy – 2025.
 - Oracle Fusion Technical Consultant, Next Academy - 2024.
- **Software Engineering & Web Development**
 - Software Engineering Program, ALX - 2023 -2024.
 - Professional Front-End Web Development, Udacity – 2023.
 - Full Stack & Front-End Web Development Nanodegrees, Udacity - 2019.

EXPERIENCE

- Apr 2026 - Present
- Oracle Fusion Technical Consultant | OIC & ERP Integration Lead, DTC**
- Develop and support Oracle Fusion ERP integrations with external CRM platforms and Oracle ATP using OIC, REST/SOAP APIs, JSON/XML, SQL, and staging tables.
 - Lead technical walkthroughs with external consulting stakeholders, presenting integration flows, mappings, testing status, open issues, and next steps.
 - Work on integration flows for customers, AR invoices, receipts, sales orders, LOV services, and more.
 - Support integration testing, payload validation, API debugging, error analysis, data reconciliation, UAT activities, and issue resolution across Fusion, OIC, ATP and external platforms.
 - Build BI Publisher reports and SQL queries to extract, analyze, and validate Oracle Fusion data for reporting and business requirements.
 - Prepare API documentation, mapping sheets, test scenarios, issue summaries, and handover notes for technical delivery.
- 2018 - Present
- Freelance Software Engineer | Oracle Cloud, Web & API Solutions, Freelance**
- Delivered small-scale software projects and technical support across websites, web applications, APIs, databases, documentation, troubleshooting, and software setup tasks.
 - Built Oracle Cloud technical projects and proof-of-concepts using OIC, Fusion Cloud, BI Publisher, FBDI, ESS Jobs, VBCS, APEX, Workflows, REST/SOAP APIs, FTP/SFTP, ADW, Object Storage, and SQL/PLSQL.
 - Developed integration scenarios covering BIP report automation, purchase order file delivery, sales data loading, supplier FBDI migration, event-driven notifications, and Fusion-to-external REST API flows.
 - Supported clients and learners with debugging, technical issue analysis, database queries, API concepts, documentation, and structured problem solving.
 - Applied HTML, CSS, JavaScript, Node.js, SQL, Git/GitHub, Linux, Python, Java, and Oracle Cloud tools in freelance, training, and portfolio-based projects.
- 2022 - 2026
- Programming & IT Instructor, Self-employed**
- Delivered programming and IT training in web development, object-oriented programming (OOP), data structures and algorithms, databases, APIs, Git/GitHub, and problem solving.
 - Designed learning plans, and hands-on examples to support practical technical skills.
 - Mentored learners in debugging, project implementation, exam preparation, and real-world software development practices.
- 2018 - 2020
- Computer Teacher, Albatool International School**
- Taught computer science and IT subjects, including computer fundamentals, digital skills, and programming concepts.
 - Prepared lesson plans, assignments, quizzes, and practical classroom activities.
 - Supported students in developing problem-solving, logical thinking, and digital literacy skills.

EDUCATION

Bachelor of Science Degree in Computers and Information

Faculty of Computers and Artificial Intelligence, Cairo University, Egypt — 2015

Graduation Project: **A+**

LANGUAGES

Arabic: Native speaker

English: Advanced
